## Technology Services Internship

### Services We Provide:

The Oregon Cascades West Council of Governments' (OCWCOG) Technology Services (TS) provides services to the Albany office, where the OCWCOG's main office is located, and to the OCWCOG's Toledo office's remote site. In addition, TS covers multiple remote meal sites and OCWCOG members throughout Linn, Benton and Lincoln Counties. TS supports a variety of hardware and software applications, including workstations, tablets, VOIP phones, personal cell phones (BYOD), and various printer/copier configurations.

### Who We Serve:

OCWCOG was formed in 1970 as a voluntary association of governments in the tri-County Region of Benton, Lincoln, and Linn Counties. Its members include the three counties, 21 cities, the Port of Newport, and the Confederated Tribes of Siletz Indians. Geographically, OCWCOG spans a Region from the crest of the Oregon Cascade Mountain range to the Pacific Ocean.

### Learning Opportunities:

Interns will obtain knowledge and experience in one or more of a variety of IT related disciplines, from desktop support and computer deployment to data visualization, server management and complex networking projects. Assignments will often include a project deliverable that is due at the end of the internship. Through their work, interns will actively contribute to the success of the TS department, while learning from experienced IT professionals.

### Qualifications:

OCWCOG Tech Services seeks to recruit high quality interns interested in gaining skills and abilities in several areas, including desktop support, computer deployment, server builds and administration, task automation, data analysis and visualization, project management, infrastructure, networking, and communications. Eligible interns must be at least 18 years or older.
