3. Approve Minutes of June 27, 2024 (Attachment A) Action: Approval of minutes	Councilor Jackie Montague moved to approve the minutes from the June 27, 2024, meeting with corrections. Councilor Mike Hickam seconded. The motion passed unanimously by consensus of the Full Commission Members in attendance.	Councilor Jackie Montague moved to approve the minutes from the June 27, 2024, meeting with corrections. Councilor Mike Hickam seconded. The motion passed unanimously by consensus of the Full Commission Members in attendance.
4. STIF Discretionary Update and Review (Attachment B-1 and B-2) Action: Discussion	<p>Cody Franz, regional transit coordinator for region 2b, shared a presentation regarding the STIF Discretionary Update and Review.</p> <p>Franz was able to provide background on the STIF Discretionary projects in the CWACT Region.</p> <p>Peterson noted there were no comments received from the email sent out but be sure to send those over to staff before Friday.</p> <p>Councilor Montague noted the City of Albany should have sent them over, so she will be resubmitting.</p> <p>These projects are for the Fiscal year 2025-2027 cycle. The goal for today is for the ACTS to provide guidance and input on the proposed projects.</p>	The CWACT Full Commission members in attendance recommended all the 9 projects from the region for funding from ODOT.

	<p>Franz provided an overview of the funding programs, there is \$25million total available, which is broken down into STIF Discretionary with \$12million, the STIF Intercommunity Fund with \$10million, and the FTA Section 52111 F intercity fund which has \$3million in funding available.</p> <p>There were \$61million statewide requested. In CWACT's region there were 9 applications totaling a little over \$6million in funding asks.</p> <p>Franz shared the solicitation process and key dates to the members and guests in attendance.</p> <p>The 9 projects for the CWACT region include:</p> <ul style="list-style-type: none"> • Benton County – Installation of Security Fencing/Gates at Sunset Facility for a request of \$200,000 • Benton County – Replace Four Aging Transit Vehicles for a request of \$320,000 • Oregon Cascades West COG – OCWCOG Mobility Hub Project for a request of \$800,000 • City of Albany – Transit Operations Facility Remodel for a request of \$2,700,000 • City of Albany – Vehicle Purchase for a request of \$1,000,000 • City of Albany – Transit Stop Improvements – Phase 2 for a request of \$1,680,000 • Linn County – Replacement bus for Linn Shuttle with a request of \$204,000 • City of Lebanon – LINX Transit Expansion Pilot with a request of \$428,974 • City of Lebanon – 10.27% match for bus replacement through 24-26 mid-cycle Discretionary Grants with a request of \$20,540. <p>Franz shared the evaluation criteria and process for the Oregon Transportation Commission (OTC) and Public Transportation Advisory Committee (PTAC) with the CWACT FC members and guests in attendance. Each fund has different criteria and weights for the</p>	
--	---	--

	<p>funding.</p> <p>Franz shared the role of the Area Commissions on Transportations, which involves reviewing applications relevant to ACT area of responsibility, the ACTS may provide comments on applications relate to but not limited to: Evaluation Criteria, local knowledge of transportation planning and investments, and opportunities to leverage funds.</p> <p>Comments and feedback are due by Tuesday, October 29th to ODOT. Comments from CWACT members are due by Monday, October 28th at noon.</p> <p>There was no desire from the group to rank the projects from the CWACT Region.</p> <p>The CWACT Full Commission members in attendance recommended all the 9 projects from the region for funding from ODOT.</p>	
<p>5. Membership Updates (Attachment C)</p> <p>Action: Ranking of Projects</p>	<p>CWACT Staff Justin Peterson reminded members about the upcoming CWACT member updates. Half of the CWACT member renews each year.</p> <p>Members will need to let staff know about any upcoming changes for the 2025 calendar year.</p>	
<p>6. ACT Modal Chair Meeting</p> <p>Action: Informational</p>	<p>Commissioner Nyquist shared that at the meeting ODOT, the counties, and the cities all noted that they will need more maintenance money. There will be an ask coming to the legislature for more money for those three groups.</p> <p>There was also an honest conversation about the challenges faced by the groups, and the challenges of getting more funds for maintenance.</p> <p>Commissioner Malone shared that the gas tax has been falling behind as the cars are becoming more fuel efficient with EV's and Hybrids. The tax is not keeping up with the times and more fuel-efficient vehicles. The work that the maintenance funding covers, will start to</p>	

	<p>be cut if there isn't significant money to run operations and maintenance. We already saw this happening last year, when ODOT had to cut snow plowing service in Eastern Oregon.</p> <p>Councilor Mike Hickam shared that the current gas tax amount is 40 cents.</p> <p>Councilor Hickam asked if there was interest in looking into electric vehicle taxes as they aren't paying gas tax, and they are tearing up the roads faster as they are weighing 1-3times more on the roads.</p> <p>ODOT Area Manager Christine Hildebrant noted that everything is on the table right now.</p> <p>The Joint Committee on Transportation (JCT) will be wrapping up their efforts on three different work groups toward the end of January 2025. The three work groups focused on basic maintenance and preservation, public and active transportation, and meeting commitments made in HB 2017.</p> <p>ODOT has created a state of the system dashboard to share ODOT's progress and relay what will be happening across the regions.</p> <p>Additionally, to better improve estimates, ODOT is: Developing a process for a <i>10 Year Rolling Investment Strategy</i> to better plan for future investments, including programming projects into the STIP closer to the time the project starts. (1-2 years out) and getting further into design (at least 30%) before programming and obtaining a better understanding of permitting and risk mitigation requirements. There will not be a change to the STIP cycle from a 3–4-year cycle. There will be more information provided once it's available.</p>	
<p>7. Regional Project Discussion (Attachment C)</p>	<p>Peterson shared that this is a list of regional projects created by the CWACT full commission and reviewed by the CWACT Executive Committee.</p>	<p>The group agreed this list was comprehensive and still contained the priority projects for the CWACT</p>

<p>Action: Discussion</p>	<p>The goal is to keep this list updated, and current to allow for the document to remain helpful for staff and members.</p> <p>The projects on this list are divided into Primary and secondary priority projects for our region these lists currently have the following listed:</p> <p>Primary –</p> <ul style="list-style-type: none"> • Lincoln County Evacuation Routes and Messaging (Planning/Implementation) • Highway 101 Beverly Beach Road Stabilization (Scoping/Design/Construction) • Philomath Boulevard Safety and Efficiency Improvements (Design/Construction) • I-5 Corridor improvements: Millersburg interchange, Albany Hwy 20 Interchange, I-5 Widening (Scoping/Design/Construction) <p>Secondary –</p> <ul style="list-style-type: none"> • Yaquina Bay Bridge Replacement (Scoping) • Benton County SW 53rd Railroad Underpass (Design/Construction) • Corvallis to Albany Path (Construction) • Long Tern Highway 20 Improvements • Hwy 20 East Junction – Toledo (Construction) <p>The group agreed this list was comprehensive and still contained the priority projects for the CWACT Region.</p>	<p>Region.</p>
<p>8. Other Business:</p> <ul style="list-style-type: none"> • Connect Oregon update • Critical Oregon Airport Relief (COAR Grants) 	<p><i>Connect Oregon Update</i> – Peterson shared that the Port of Newport Project was awarded the Connect Oregon Grant. This was the ACT’s number 1 ranked project.</p> <p>Port of Newport Commissioner Gil Sylvia provided a follow up update on this funding grant for the Port of Newport’s project.</p> <p>Commissioner Sylvia noted appreciation for the CWACT group whose rankings made this project possible.</p>	<p>The CWACT Full Commission members nominated Councilor Hickam to serve as the Primary COAR member and Commissioners Malone and Nyquist to serve as his alternates on the Aviation Review</p>

	<p>Peterson noted there were 19 projects across the state that were selected for funding. The port of Newport's project was the only one from the CWACT region that was selected for funding.</p> <p><i>Critical Oregon Airport Relief (COAR Grants) -</i> Critical Oregon Airport Relief (COAR) grants. The State Aviation Board is requesting a representative to be a member of the Aviation Review Committee (ARC). The ARC will be responsible to score the grant applications between the end of the application submittal period and the end of 2024 and convene at least once as an entire committee in early 2025 for making final recommendations to the State Aviation Board for grant awards. Due October 31, 2024. Oregon Department of Aviation: Critical Oregon Airport Relief (COAR): Aviation System Action Program: State of Oregon</p> <p>The CWACT Full Commission members nominated Councilor Hickam to serve as the Primary COAR member and Commissioners Malone and Nyquist to serve as his alternates on the Aviation Review Committee in that order.</p>	<p>Committee in that order.</p>
<p>9. Adjournment</p>	<p>The next CWACT Full Commission Meeting is scheduled for Thursday, December 12, 2024, from 5:00pm to 7:00pm.</p>	<p>The meeting was adjourned at 6:35pm by the Chair, Commissioner Roger Nyquist.</p>
